Report

A seminar on “**Network Security**” was conducted by the computer science and engineering department of Christian college of engg and technology. Honorable principal Dr. Dipali Soren graced the event with their presence. Head of the Computer Science and Engineering Department Dr. Sitendra Tamrakar welcomed everyone and also introduced the speaker. A very Dynamic speaker Mr. Michael Fernandez, who is a system analyst in St.Thomas Mission, guided the students about the topic. The session was very informative and also interactive. Students participated very actively and were very keen to know how to solve the rising network security related threats. He said that Network security is essential as it helps to prevent threats from damaging your business. Business use of the Internet has rapidly increased and organizations are becoming more reliant upon IT infrastructure to operate their business. A summary of this session is focused on key issues, threats and risks SMBs need to consider along with how to combat these to ensure network security. It reinforces the importance of planning and the benefits of working with an IT security specialist. Nearly 60 students participated in it.

Honorable principal Dr.Dipali Soren graced the event with her presence. Head of the computer science and engineering department Dr.Archana Chowdhury gave an opening speech and also introduced the speaker. The guest speaker for the seminar was Mr. Ravi Dewangan, who is a digital marketing expert in Reverie language Technologies India.He guided the students about the topic. He made the session very interesting. Students participated very actively and cleared all their doubts in the field of digital marketing. He said that Digital marketing, also called online marketing, is the promotion of brands to connect with potential customers using the internet and other forms of digital communication. This includes not only email, social media, and web-based advertising, but also text and multimedia messages as a marketing channel. Additionally, he urged the students to pursue their interests in order to avoid boredom in the workplace.

If You Aim High, We Provide The Means

The screenshot shows a Zoom meeting in progress. The main window displays a grid of nine participants, each with a profile picture or a circular avatar containing a letter. The participants are: Pradeep Kumar Shah, archana chowdhury, Vaishali Banjare, rupali chandrakar, Shreya Choudhary, Gulnaj Ansari, mushtaq alam, SAHIL AGRAWAL, and Nisha Dewangan. A sidebar on the right titled 'Meeting details' shows a list of participants with their names and status (e.g., muted). At the bottom, there are icons for mute, video off, and screen share, along with a 'Present now' button.

The poster is for a webinar titled "WEBINAR ON 'AWARENESS ABOUT COMPANY DEMANDS'". It features a portrait of Mr. Mushtaq Alam, a Salesforce Architect at Persistent Systems, Nagpur. The event is scheduled for 12 Oct 2021 at 11:00 am via Google Meet. The webinar is organized by the Computer Science and Engineering Department at Christian College of Engineering & Technology, Kailash Nagar, Housing Board Bhilai, Dist Durg (C.G.). The poster also mentions the college's motto "READ BROADLY LIGHT" and its status as the "1ST OLDEST PRIVATE COLLEGE IN CHHATTISGARH".

Report

A seminar on “**Cloud Robotics**” was conducted by Computer Science and Engineering Department of Christian College of Engg and Technology. Honourable Principal Dr. Dipali Soren graced the event by their presence. Head of the Computer Science and Engineering department Dr. Archana Chowdhury gave an opening speech and also introduced the speaker. Dr. Kaushlendra Sharma, an Assistant Professor of CSE at Grade II of IIT Nagpur, spoke with great eloquence and assisted the students in understanding the subject.

The discussion was lively and quite educational and he allayed their questions over the subject. In this session students learnt about cloud robotics and its advantages. Speaker also explained how cloud computing can improve various robots and automations systems. Also Nearly 45 students participated in it.

NOTICE

Date: 10th August, 2018

To: All B Tech Students and Staff

Dear Students and Staff,

We are excited to announce a special guest lecture and workshop on the topic of "**Unlocking Efficiency: Life Hacking Workshop Insights**" In today's fast-paced world, finding ways to optimize our time, work smarter, and enhance productivity is essential. This workshop aims to provide valuable insights and practical strategies to help you achieve just that.

Details of the workshop are as follows:

Date: August 20th 2018 (Monday)

Time: 11:00 AM

Venue: CCET CAD Lab

Our guest speaker for this workshop is Dr. Dillip Kumar Das, a renowned expert in the field of productivity and efficiency. Dr. Dillip Kumar Das has delivered engaging sessions to diverse audiences and has a wealth of experience to share.

This is a unique opportunity to gain valuable insights, learn practical life hacks, and connect with fellow students and colleagues who are passionate about personal and professional development.

We encourage all B Tech students and staff members to attend this workshop and make the most of this enriching experience.

Mr. Srinivasa Rao Pulivarti

Unlocking Efficiency: Life Hacking Workshop Insights

Introduction:

Life hacking, the art of optimizing one's daily routines and activities for greater efficiency and productivity, has become increasingly popular in today's fast-paced world. To explore the myriad opportunities and lessons offered by life hacking, a workshop was held on 20th August 2018 at CCET, Bhilai. The event aimed to provide participants with valuable insights and practical tips for improving various aspects of their lives.

Workshop Highlights:

1. Setting Clear Goals:

The workshop emphasized the importance of setting clear, specific, and achievable goals. Participants learned that life hacking starts with a clear vision of what they want to accomplish. Through interactive exercises, attendees were guided in defining their personal and professional goals.

2. Time Management Techniques:

Effective time management is a cornerstone of life hacking. The workshop introduced various time management techniques, such as the Pomodoro method and time blocking. Participants practiced implementing these techniques to boost their productivity and reduce procrastination.

3. Digital Organization:

In today's digital age, organizing digital information is crucial. The workshop covered strategies for decluttering digital spaces, managing email overload, and using productivity apps effectively. Attendees left with a toolkit for maintaining a streamlined digital life.

4. Mindfulness and Stress Reduction:

Criterion 5

CHRISTIAN COLLEGE OF ENGINEERING & TECHNOLOGY

Managed By St. Thomas Mission, Bhilai

Approved by AICTE and Affiliated to CSVTU, Bhilai

If You Aim High, We Provide The Means

To enhance overall well-being, the workshop included sessions on mindfulness and stress reduction. Participants engaged in mindfulness exercises and learned practical strategies to manage stress, promoting a healthier work-life balance.

5. Health and Fitness Hacks:

A healthy body is key to a productive life. The workshop explored fitness hacks and dietary tips that can improve energy levels and mental clarity. Experts shared advice on incorporating exercise and nutrition into busy schedules.

6. Financial Planning:

Financial stability is a fundamental aspect of a well-rounded life. The workshop provided insights into budgeting, investing, and saving strategies. Attendees gained a better understanding of how to manage their finances effectively.

7. Networking and Personal Development:

Life hacking extends beyond individual productivity. Participants were encouraged to build strong professional networks and invest in personal development. The workshop offered guidance on effective networking, public speaking, and personal branding.

Conclusion:

The Workshop on Lessons from Life Hacking Opportunities was a resounding success, equipping participants with practical skills and knowledge to lead more fulfilling and efficient lives. Attendees left the workshop with a deeper understanding of goal setting, time management, digital organization, mindfulness, health, finance, and personal development. These valuable lessons will undoubtedly help them navigate the complexities of modern life with greater ease and confidence. As life hacking continues to evolve, this workshop served as a foundation for continuous learning and growth in the pursuit of a more balanced and purposeful life.

Motivation and Goal Setting

Introduction:

Motivation and goal setting are two essential elements that drive individuals to achieve their aspirations and lead a successful life. On [Date], our institution had the privilege of hosting a guest lecture on this crucial topic. The lecture aimed to inspire and educate students about the importance of motivation and effective goal setting in realizing their dreams.

Key Points:

1. Understanding Motivation:

The guest speaker began by defining motivation as the internal drive or desire that propels individuals toward taking action and accomplishing their objectives. They explained that motivation can be intrinsic (arising from within) or extrinsic (external factors like rewards or recognition). By delving into the psychology of motivation, attendees gained insights into what fuels their determination.

2. The Role of Goals:

Goals were highlighted as the roadmaps that provide direction to one's efforts. The speaker stressed that setting clear, specific, and achievable goals is the foundation of success. They shared examples of famous individuals who achieved remarkable feats through setting and pursuing their goals.

3. SMART Goal Setting:

The lecture introduced the concept of SMART goals - Specific, Measurable, Achievable, Relevant, and Time-bound. Attendees learned how to apply this framework to their goals, making them more concrete and attainable. The guest speaker encouraged students to transform vague aspirations into actionable, SMART objectives.

Criterion 5

Approved by AICTE and Affiliated to CSVTU, Bhilai

If You Aim High, We Provide The Means

4. Motivation Techniques:

To boost motivation, the lecture explored various techniques and strategies. Attendees were introduced to the power of self-reflection, visualization, and positive self-talk. The speaker stressed the importance of staying persistent in the face of setbacks and challenges.

5. Real-Life Success Stories:

To illustrate the principles discussed, the guest lecturer shared real-life success stories of individuals who overcame obstacles and achieved their dreams through unwavering motivation and goal setting. These stories served as inspiring examples for the audience.

6. Goal Planning and Execution:

Students were guided through the process of creating a personal goal plan. This included breaking down larger goals into smaller, manageable steps, setting deadlines, and identifying potential obstacles. The lecture emphasized the importance of taking consistent action towards goals.

The guest lecture on Motivation and Goal Setting left a lasting impact on our students. Attendees departed with a deeper understanding of the role motivation plays in achieving their dreams and the tools to set and pursue their goals effectively. The knowledge gained will not only benefit them academically but also in their personal and professional lives.

Motivation and goal setting are essential life skills that empower individuals to push beyond their limits, overcome challenges, and realize their full potential. This lecture served as a valuable reminder of the importance of self-determination and provided practical guidance on how to harness it for personal growth and success. We extend our gratitude to the guest speaker for sharing their expertise and inspiring our students to embark on their journeys with renewed motivation and purpose.

Title: Guest Lecture on Soft Skills

Introduction:

On 27th November 2020, our institution had the privilege of hosting a guest lecture focused on the importance of soft skills in personal and professional development. Soft skills, often referred to as interpersonal or people skills, are increasingly recognized as crucial assets in today's competitive world. This lecture aimed to enlighten students about the significance of these skills and how they can make a substantial difference in their lives.

Key Points:

1. Defining Soft Skills:

The guest lecturer began by defining soft skills as a set of personal attributes and abilities that enhance an individual's interactions, communication, and relationships with others. Soft skills encompass various aspects, including communication, empathy, teamwork, adaptability, and problem-solving.

2. Professional Relevance:

Students were informed about the growing importance of soft skills in the workplace. The guest speaker explained that while technical skills and qualifications are essential, it's often soft skills that distinguish successful professionals. Employers seek individuals who not only excel in their respective fields but also collaborate effectively with colleagues and communicate persuasively with clients.

3. Communication Skills:

A significant portion of the lecture was dedicated to communication skills. Attendees learned the art of active listening, clear and concise expression, and the importance of non-verbal communication cues. Effective communication, it was emphasized, is vital in both personal and professional relationships.

4. Teamwork and Collaboration:

The lecturer stressed the value of teamwork and the ability to work harmoniously with diverse groups of people. Attendees were provided with strategies for resolving conflicts and contributing positively to team dynamics. Real-world examples illustrated how strong interpersonal skills can lead to successful collaborative projects.

Criterion 5

Skill Enhancement

Established In 1998

CHRISTIAN COLLEGE OF ENGINEERING & TECHNOLOGY

Managed By St. Thomas Mission, Bhilai

Approved by AICTE and Affiliated to CSVTU, Bilai

If You Aim High, We Provide The Means

5. Adaptability and Problem-Solving:

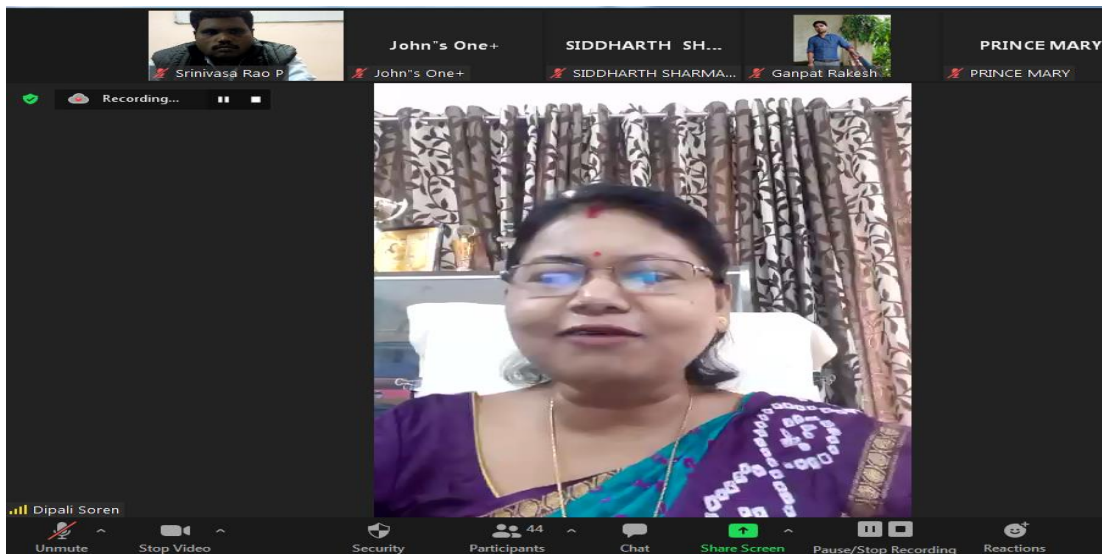

In a rapidly changing world, adaptability and problem-solving skills are highly prized. The lecture encouraged students to embrace change and view challenges as opportunities for growth. Practical problem-solving techniques were shared, emphasizing critical thinking and creativity.

6. Emotional Intelligence:

The concept of emotional intelligence (EQ) was introduced as a key soft skill. Attendees learned how self-awareness, self-regulation, empathy, and interpersonal skills contribute to better relationships and effective leadership. The lecturer highlighted that EQ is a lifelong skill that can be continually developed.

The guest lecture on soft skills was a resounding success, equipping students with a deeper understanding of the significance of these skills in their personal and professional lives. Attendees left the lecture with valuable insights and practical knowledge on communication, teamwork, adaptability, and problem-solving. These skills are not only relevant in securing employment but also in building meaningful relationships and leading fulfilling lives.

In a world where human interaction is central, soft skills are indispensable. The lecture served as a reminder that these skills can be honed and refined with practice and dedication. We extend our sincere gratitude to the guest lecturer for sharing their expertise and inspiring our students to cultivate the soft skills that will empower them to succeed in all facets of life.

Dear Students and Faculty,

We are pleased to inform you that we will be hosting a guest lecture on "**Motivation and Goal Setting**" on **15th October 2019 at 11.0 AM in B block Auditorium**. This insightful session is open to all students and faculty members.

We are honored to have Mr. R. H. Gajghat a distinguished expert in the fields of motivation and goal setting, as our guest speaker.

This lecture is relevant to students and faculty members from all disciplines. Whether you are looking to excel in your studies, pursue personal aspirations, or simply enhance your motivation, this lecture will provide valuable guidance.

Mr. Robin Babu
Coordinator

Dr Srinivasa Rao Pulivarti

Title: Program on Leadership and Teamwork

Introduction:

Effective leadership and teamwork are the cornerstones of success in any organization or endeavor. On **15th December 2021**, our institution hosted a comprehensive program dedicated to enhancing leadership skills and fostering teamwork among participants. This program aimed to equip individuals with the knowledge, tools, and strategies necessary to become effective leaders and collaborative team members.

Key Highlights:

1. Leadership Fundamentals:

The program began by laying the foundation of leadership principles. Attendees learned about different leadership styles, the importance of self-awareness, and the key traits and qualities that make a successful leader. Leadership was emphasized as a dynamic and evolving process.

2. Building Effective Teams:

Participants delved into the dynamics of team building. They explored the stages of team development, from forming and storming to norming and performing. Practical exercises and case studies helped attendees understand how to create cohesive and high-performing teams.

3. Communication and Conflict Resolution:

Effective communication is central to both leadership and teamwork. The program focused on improving communication skills, including active listening, clear and concise expression, and the art of giving and receiving feedback. Strategies for conflict resolution and managing interpersonal conflicts were also discussed.

4. Emotional Intelligence (EQ):

Emotional intelligence was highlighted as a critical leadership skill. Attendees learned about self-awareness, self-regulation, empathy, and interpersonal skills. They understood how EQ contributes to better leadership and the ability to connect with team members on a deeper level.

Criterion 5

Approved by AICTE and Affiliated to CSVTU, Bhilai

If You Aim High, We Provide The Means

5. Leadership in Practice:

Real-world leadership scenarios were presented, allowing participants to apply their knowledge in practical settings. Attendees engaged in role-playing exercises, simulations, and case studies, enabling them to make decisions and solve problems as effective leaders.

6. Teamwork in Action:

The program included team-building activities and challenges that required participants to work together to achieve common goals. These activities emphasized the importance of trust, cooperation, and synergy within a team.

7. Goal Setting and Motivation:

Leadership and teamwork often revolve around shared goals. Attendees learned how to set SMART goals, motivate team members, and create a vision that inspires and drives collective efforts.

Conclusion:

The Leadership and Teamwork program was an enriching experience for all participants. It provided a holistic understanding of leadership principles, teamwork dynamics, and the interpersonal skills necessary for success in both areas. Attendees left the program with a toolkit of practical strategies and techniques to apply in their professional and personal lives.

If You Aim High, We Provide The Means

In a world that increasingly values collaboration and effective leadership, this program served as a valuable resource. It emphasized that leadership is not limited to those in formal positions of authority but can be exhibited at all levels of an organization. Likewise, teamwork is not simply the act of working together but a synergy of skills, communication, and shared goals.

We extend our gratitude to all the facilitators and participants for their active engagement and commitment to becoming better leaders and team members. The program inspired attendees to continue their journey of personal and professional development, armed with the knowledge that effective leadership and teamwork are achievable through continuous learning and practice.

Title: Program on Enhancing Spoken Communication Skills

Introduction:

Effective spoken communication skills are essential in various aspects of life, including personal, professional, and academic settings. On **8th September 2022**, our institution conducted a comprehensive program focused on enhancing spoken skills. This program aimed to provide participants with the knowledge, strategies, and practice required to become confident and effective speakers.

Key Highlights:

1. Understanding the Significance of Spoken Skills:

The program commenced by highlighting the paramount importance of spoken communication in contemporary life. Attendees gained insights into how proficient speaking skills can elevate their careers, enrich their relationships, and boost their overall self-confidence.

2. Enhancing Verbal Clarity and Expression:

Participants actively engaged in exercises designed to improve their verbal clarity and expression. These exercises covered aspects such as articulation, tone, pitch, and pacing. Special attention was given to enunciation and pronunciation to ensure participants communicated with clarity and precision.

3. Public Speaking and Presentation Skills:

A significant portion of the program was dedicated to public speaking and presentation skills. Attendees learned the art of structuring speeches and presentations effectively. They were introduced to techniques for managing anxiety and nerves, ensuring they could confidently address audiences of any size.

4. Active Listening

Effective spoken communication goes hand in hand with active listening. The program emphasized the importance of listening attentively to understand others better. Practical exercises helped participants develop their listening skills, which are crucial for meaningful conversations and collaborations.

Criterion 5

Approved by AICTE and Affiliated to CSVTU, Bhilai

If You Aim High, We Provide The Means

5. Vocabulary and Language Enhancement:

To enrich participants' spoken skills, vocabulary building and language enhancement activities were integrated into the program. Attendees expanded their vocabulary, learned to use language more effectively, and practiced using persuasive and influential language.

6. Non-Verbal Communication:

Non-verbal cues play a significant role in spoken communication. The program addressed body language, facial expressions, and gestures, helping participants understand how to align their non-verbal cues with their spoken messages for more impactful communication.

7. Real-Life Practice:

The program provided ample opportunities for practical application. Participants engaged in impromptu speaking exercises, debates, and group discussions. These activities encouraged them to apply the skills they had learned in real-life scenarios.

The Program on Enhancing Spoken Communication Skills proved to be a valuable experience for all participants. It equipped them with a deeper understanding of the significance of spoken skills and provided practical tools to enhance their verbal communication. Attendees left the program with increased confidence in their ability to express themselves effectively, whether in public speaking, presentations, or everyday conversations.

In an era where effective communication is a crucial skill, this program underscored the importance of continuous improvement in spoken communication skills. It encouraged participants to recognize that becoming a proficient speaker is an ongoing journey that can significantly impact their personal and professional lives.

We extend our gratitude to the facilitators and participants for their active involvement and commitment to becoming better speakers. The program inspired attendees to continue refining their spoken skills and embrace opportunities for growth and development in this essential aspect of communication.

Date: 12 September 2019

Summary of the Workshop

In this workshop the resource person has focused on the role of language and personality development of the student. The student gained knowledge regarding the importance of Language.

The workshop was conducted at the Language Lab. The speaker Dr PS Varghese conducted small listening activities with all the hearing gears in order to assess the effective listening skill. He then evaluated the students and analyzed their skills. Such activities were frequently conducted as experiments and desired outcome was achieved through exercises.

Language and a person's personality are inextricably linked because language reflects and influences personality traits. A person's personality traits, such as their level of conscientiousness, openness, extroversion, and emotional stability, can be revealed by the way they use language, including the words they choose, their voice, and the structure of their sentences.

Language usage has been shown to accurately predict a person's personality traits, according to research. For instance, people tend to be more outgoing and emotionally stable when they use more positive emotion words, whereas people who use more swear words tend to be less agreeable and conscientious. Additionally, a person's level of self-focus and social engagement can be gauged by how they use language, such as pronouns.

In general, the investigation of language and character gives important experiences into human way of behaving and can assist individuals with better figuring out themselves as well as other people.

Summary of the Webinar

The webinar was conducted in the online mode conducted by the Department of Basic Science and Humanities. Our eminent speaker, Fr. George Varghese, the EVC, CCET, enlightened us on the significance of language in the present times and use of English language as a skill and establishment of effective communication.

In this webinar students learned the skills of communication. They could know the simplest form of communication is the transfer of information from one location to another. It can be expressed verbally (through voice), in writing (through printed or digital media like books, magazines, websites, or emails), visually (through logos, maps, graphs, or other visual representations), or nonverbally (through body language, gestures, and voice pitch and tone). In reality, it frequently combines several of these. There are a lot of simple things you can do to improve your communication skills and ensure that you can effectively send and receive information.

Every aspect of your life, from your professional life to social gatherings and everything in between, can benefit from improving your communication skills.

A life skill that should not be overlooked is the ability to accurately, clearly, and precisely convey information. You can work on improving your communication skills at any time, and by doing so, you might find that your quality of life improves.

Almost every aspect of life requires communication skills:

Professionally, you will almost certainly need to demonstrate good communication skills if you apply for jobs or want a promotion at your current employer.

To communicate effectively with a wide range of people while maintaining eye contact, use a diverse vocabulary and tailor your language to your audience, listen effectively, appropriately present your ideas, write clearly and concisely, and perform well in a group, communication skills are necessary.

Summary of the Webinar

In this Webinar the key topics covered included effective communication, active listening, idiomatic expressions, phrasal and cultural sensitivity. Participants were engaged in group exercises and other activities to practice English speaking.

Communication skills allow you to understand and be understood by others. These can include but are not limited to effectively communicating ideas to others, actively listening in conversations, giving and receiving critical feedback and public speaking. There are different types of communication skills you can learn and practice to help you become an effective communicator. Many of these skills work together making it important to practice communication skills in different contexts whenever possible.

Different styles of communication are appropriate in different situations. To make the best use of your communication skills, it's important to consider your audience and the most effective format to communicate with them

English speaking skills are usually aimed at helping participants to improve their fluency, pronunciation, grammar and vocabulary in English

Participants gained English speaking skills which involved interactive sessions, group discussion and practice activities. They gathered tips and strategies to improve their pronunciation, expand vocabulary and communicate effectively in English.

Overall the webinar on English speaking skills has provided the tools and techniques which they need to communicate in English for their personal and professional settings

Summary of the Seminar

This seminar helped students to build and maintain healthy relationships which are the key parameter for personal growth and development. Effective communication is very much essential for personality development as it helps individuals in expressing their thoughts, emotions and feelings in a clear and concise manner.

Good communication skills help individuals to build and maintain healthy relationships which are important for personal growth and development..

Communication plays a significant role in shaping one's self concept, which is the way an individual sees and evaluates themselves. Through communication, individuals receive feedback from others which can influence their self-concept positively or negatively.

Therefore it is important to develop good communication skills to promote positive personality development and build healthy relationships

The role of communication skill in personality development is to explore how effective communication skill can positively impact an individual's growth.

Overall the students gained a lot from this seminar.

Summary of the Seminar

The seminar on English speaking skills was conducted on 10 January 2023. The speaker for the seminar was Dr Nidhi Bhatt, faculty of SRP Government College Bhatagaon, Raipur

In this seminar the key topics covered included effective communication, active listening, idiomatic expressions, phrasal verbs and cultural sensitivity. Participants were engaged in group exercises and other activities to practice English speaking.

English speaking skills are usually aimed at helping participants to improve their fluency, pronunciation, grammar and vocabulary in English

Participants gained English speaking skills which involved interactive sessions, group discussion and practice activities. They gathered tips and strategies to improve their pronunciation, expand vocabulary and communicate effectively in English.

Overall the seminar on English speaking skills has provided the tools and techniques which they need to communicate in English for their personal and professional settings

If You Aim High, We Provide The Means

Name of the Program: First Aid Training

Date: 12 December 2019

On 12 December 2019 **First aid training program** was organized for first year students. Health care professional **Mrs. Nirmala Nirala, Head Nurse, Sector 9 Hospital** was invited to deliver an informative session on various aspects of first aid. She highlighted that First aid refers to the emergency or immediate care you should provide when a person is injured or ill until full medical treatment is available. For minor conditions, first aid care may be enough. For serious problems, first aid care should be continued until more advanced care becomes available and the importance of an injured person's personal details and contact details and details of visible symptoms of injury. Q&A sessions allowed for the participants to engage with the expert and seek personalized advice.

The First Aid Training session was comprehensive and valuable. Participants learned essential life-saving skills, including CPR, wound care, and handling choking incidents. Hands-on practice and realistic simulations improved their confidence in responding to medical emergencies effectively. Emphasis was placed on scene assessment, personal safety, and proper communication with emergency services. The training equipped attendees with the knowledge and skills necessary to provide immediate assistance during various emergencies. Overall, it was an informative and empowering experience that enhances participants' ability to contribute to the safety and well-being of their communities.

If You Aim High, We Provide The Means

Name of the Program: Choose to Refuse

Date: 15/05/2020

As part of extension activity, CCET Bhilai organized a seminar on “Choose to Refuse” on 15th May 2020. Mr. M. K. Rathore, Assistant professor, RCET Bhilai Institute was the resource person. He shared his thoughts on physical and mental health and how to manage stress for a healthier lifestyle. The importance of exercise, yoga and the potential threats in our daily food intake was also highlighted. He made the students aware of the consequences of processed and packaged foods. He concluded stating “it is the individual who has to choose to refuse the bad and take only good”.

The "Choose to Refuse" campaign, launched aimed to raise awareness about the harmful effects of single-use plastics. It encouraged individuals and businesses to reduce plastic consumption by promoting alternatives like reusable bags, bottles, and eco-friendly packaging. The campaign organized educational events, workshops, and community clean-up activities, engaging participants in sustainable practices. Through social media and local partnerships, it spread the message of responsible plastic use. "Choose to Refuse" successfully influenced behavior change, fostering a more environmentally conscious community. It also highlighted the importance of collective action in mitigating plastic pollution, promoting a healthier planet for future generations.

On 10th January 2021 a seminar was organized for students on the theme '**Health & Yoga**'. Dr. Ritesh Dash, Associate Professor, addressed the students on general health issues and importance of yoga with the college students.

The polluted environment, personal problems and work pressure take a toll on our body and mind. The Art of Living has come up with a holistic and integrated workshop called the Health and Happiness which provides unique tools and techniques which help combat stress accumulated in our daily, modern life.

Through Yoga asanas, breathing techniques and meditation taught in this workshop one feels light, energetic and enthusiastic to take on life!

Name of the Program: Seminar on Importance of Eye Health and Eye Care

Date: 11/02/2022

A seminar on the "Importance of Eye Health and Eye Care" was conducted on February 11, 2022, at CCET Bhilai, Chhattisgarh. The event was organized by the Electrical Department of CCET Bhilai and featured Dr. Sanchita Mahajan, an M.B.B.S specialist from SLG Hospital, Hyderabad as the resource person.

The seminar aimed to emphasize the significance of maintaining good eye health and provided valuable insights into eye care practices. Dr. Sanchita Mahajan's presentation covered various aspects of eye health, including common eye problems, the importance of regular eye check-ups, and preventive measures to safeguard one's vision.

The seminar was well-attended by students, faculty, and other participants who gained essential knowledge about the maintenance of their eye health. Dr. Sanchita Mahajan's expertise and insights helped raise awareness about the significance of eye care and encouraged attendees to prioritize regular eye check-ups to ensure the well-being of their vision.

In conclusion, the seminar on "Importance of Eye Health and Eye Care" at CCET Bhilai was a valuable initiative in promoting eye health and educating the community on maintaining good vision.

Name of the Program: Dental Care and Hygiene

Date: 27/04/2023

A seminar on Dental Care was held on the 27th of April, 2023, at CCET Bhilai, Chhattisgarh. The event was organized by the Electrical Department of CCET Bhilai and featured Dr. Savita Kabdwal as the resource person. The venue for the seminar was the CCET Bhilai, where Dr. Savita Kabdwal shared her expertise on various aspects of dental care.

The seminar aimed to raise awareness about the importance of oral health and hygiene, providing valuable insights into maintaining healthy teeth and gums. Dr. Savita Kabdwal's presentation covered topics such as oral hygiene practices, the significance of regular check-ups, and common dental problems and their prevention. The audience, comprising students, faculty, and attendees, benefited from her informative session.

Overall, the seminar on Dental Care at CCET Bhilai was a significant initiative in promoting oral health and encouraging the importance of regular dental check-ups. It served as a valuable resource for attendees to enhance their understanding of dental care practices and maintain good oral hygiene.
