MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MoU) under the initiative of IIC (Institution Innovation Council), Christian College of Engineering and Technology (CCET), Bhilai is made on this day 10th April 2023 amongst G. V. Beverages LLP, Gondia having its registered office at Gondia, Maharashtra and Christian College of Engineering and Technology (CCET), Bhilai, Chhattisgarh.

INTRODUCTION

INFORMATION OF INDUSTRY:

G.V. Beverages LLP is efficiently managed by Mr. Vinayak Gajghat & Mr. Gopal Kalambe. Their strong business acumen has always inspired others to achieve their goals. The unparalleled success of the company has only been achieved due to constant guidance and unhindered support of the mentors.

The company began its entry into the packaged drinking water business by setting up distribution network. The premium brand "Reliable Fresh" was launched in the market in the

year 2013. The launch was a phenomenal success due to strong distribution network and the expertise that the company had acquired. The company has expanded the packaged drinking water business by extending its geographical limits in distribution, capturing town after town, district after district. Currently the brand is having its presence in all district of Vidarbha, few district of Chhattisgarh and Madhya Pradesh.

INFORMATION OF CCET:

St. Thomas Mission Bhilai – Mission of North India was founded in 1972. With the creation of the Kolkata Diocese of the Orthodox Church in 1979, the activities of the St. Thomas Mission became more extensive spreading light of knowledge to the mankind. The Christian College of Engineering and Technology functions under the aegis of the St. Thomas Mission of the Malankara Orthodox Church, which operates more than two dozen schools and colleges in Central and Eastern India.

The mission's activities later spread out to cover Madhya Pradesh, Orissa, Bihar, West Bengal, Assam and Nagaland which include educational institutions, health service centers, balagrams, rehabilitation centers, village mission ashrams and convents. In February 1998, the Mission celebrated the 25th anniversary of its foundation and to mark the occasion several initiatives taken by the mission in Northern part of India, Christian College of Engineering and Technology was one among them.

CCET provides opportunity to talented, motivated students from all walks of life to acquire the skills and knowledge they need to succeed in highly competitive engineering professions. CCET is guided by its vision of providing quality technical education. A private non-profit organization, CCET admits 165 students annually in Degree Programmes in 4 branches of engineering namely Computer Science & Engineering, Electronics & Telecommunications, Mechanical Engineering, and Electrical Engineering. CCET also admits 48 students in Post-Graduate M.Tech. Programme in CAD/CAM-Robotics, Nano Technology and High Voltage Engineering. The cornerstone of CCET's academic programmes is quality infrastructure combined with qualified and motivated faculty, placed in an environment that encourages students to make the most of both.

NOW IT IS AGREED BY AND BETWEEN THE PARTIES HERE TO AS FOLLOWS:

BENEFITS FOR INDUSTRY:

1. Students will be available for CSR Activities (Tree plantation, Blood donation, Rural education, etc)
2. Space can be available for Incubation/Training activities of the industries with mutual consent.
3. Training of Industry employees on Stress Management, Behavioural Aspects, Soft Skills, Motivation, etc by experts from institute.
4. Career Guidance by Career counsellor from institute to kids of the employees.
5. Library and E-Journals will be available as per the requirement of industry.

Criterion 3

QnM 3.5.1 MoUs and Linkages

6. Laboratories and software will be available.
7. Conference Hall, Meeting Hall, Auditorium facilities of the institute can be available for conducting Industrial programs.
8. Ground facility is also available for annual sport activities of the industry.
9. Fresher/Experienced candidates will be available from institute to the industry for recruitment.
10. Students will be available for industry outsourced projects and internships.
11. Customire training facility will be provided.
12. Consultancy/Survey work like customer satisfaction can be provided.
13. Exploring and carrying out any other activities with mutual consent.

BENEFITS FOR INSTITUTE:

1. Sharing of new technologies/advancements for upgraded teaching and curriculum development.
2. Conducting guest lecturers/seminars on subjects of academic as well as professional interest for cross-fertilization of ideas for overall growth/grooming of the students.
3. Giving the exposure of corporate culture to the Institute students and faculty through Industrial Visits/Tours.
4. Conducting Faculty training programs whenever required.
5. Conducting Placement drive/campus interviews at our institute.
6. Participation of industry in Technical Events of the Institute.
7. Company will provide opportunity for industrial projects for our students.
8. Opportunity of Internships/Training to the students.
9. Facility for research work and innovations with joint efforts.
10. Help & bridge the gap between academia and industry and contribute to the Education Eco system.

Memorandum of Understanding
between
Christian College of Engineering and Technology, Bhilai (C.G.)
and
National Institute of Technology, Nagaland

This Memorandum of Understanding (MOU) is entered into on this 14th day of June, 2023 by and between **Christian College of Engineering and Technology, Bhilai, Chhattisgarh** and **NIT, Nagaland.**

Christian College of Engineering and Technology and NIT agree that cooperation in research collaborations and student and faculty exchanges would be mutually beneficial. The areas of cooperation may include, subject to mutual consent, any desirable and feasible activity that would further the goals of each institution. Such interaction may include cooperation in a variety of joint academic and educational activities such as:

- Joint research projects in fields of mutual interests;
- Exchange of academic publications and reports, including work by undergraduate, graduate and post-doctoral students;
- Opportunities for faculty and staff development and exchange;
- Exchange of visiting research scholars, including post graduate and graduate students
- Guest Lectures in online/offline mode;
- Mini Projects and Main Project Work, Research & Development, Problem Solving, Studies & Survey, Establishing & sharing Advanced Labs etc.
- Internships if possible;
- Joint conferences and workshops;
- Visits by faculty, professional staff, and students.
- Access of plagiarism (Turnitin software) for PG students, research scholars and faculty members.
- Other activities as mutually agreed.

Scanned with OKEN Scanner

Criterion 3

QnM 3.5.1 MoUs and Linkages

- Other activities as mutually agreed.

The parties anticipate that a number of these initiatives will occur during the period of this MOU. However, neither party is obligated to agree to any minimum number of activities, nor is this MOU intended to preclude either party from entering into similar agreements with other institutions.

This MOU shall be identified as the parent document of any program agreement executed between the parties. Further agreements concerning any program shall provide details concerning the specific commitments made by each party and shall not become effective until they have been reduced to writing, executed by the duly authorized representatives of the parties.

Cooperation in Education and Research

In order to facilitate student exchanges between NIT, Nagaland and Christian College of Engineering and Technology, Bhillai (C.G.) the following section provides general procedural information under which the exchange of students between the two institutions will take place. Specific procedures, requirements and duties of the parties in connection with student exchanges shall be set forth in a separate written program agreement to be executed by the parties.

Cooperation and exchanges may take place with undergraduate, post graduate, or doctoral students. Each exchange may be for the duration of one academic year, one academic semester, or one intensive course, normally three or four weeks in length, scheduled either between academic terms or during the summer.

Whenever possible, courses will be team taught by one faculty member from NIT and one faculty member from Christian College of Engineering and Technology. Courses may be taught at Christian College of Engineering and Technology, at, or concurrently at both campuses through online capabilities.

If two faculty members from each institution are engaged in collaborative research projects, doctoral students at one institution may visit and work in the lab of the faculty member at the other institution and incorporate the work done as part of their dissertation research. When connected to funded research projects, the host institution will endeavor to provide a stipend for the visiting doctoral student.

Responsibilities of home institution for academic semester or academic year exchanges:

The home institution will:

- Register its own students for the duration of the exchange.
- Submit to the host institution the names and academic credentials of students who would like to participate in an exchange.
- Provide the host institution with names of courses that are essential to their own students' curricular plan.
- Advise its students about academic and cultural expectations at the host institution.

Responsibilities of the host institution for academic semester or academic year exchanges:

The host institution will:

- Be responsible for admission decisions of students recommended by the home institution.
- Provide an orientation program for incoming students.

[Signature]
14/6/23

2
[Signature]
14/6/23

- Endeavor to ensure that students are admitted to courses regarded as essential to their academic programs at their home institutions.
- Assign an academic advisor to all incoming students.
- Assist the incoming student in securing housing.
- Inform the incoming student of health insurance requirements.
- Provide the home institution with a final transcript of the student's academic performance.

Short intensive courses:

Short intensive courses, offered during the summer or between semesters, will be taught by a faculty member from either Christian College of Engineering and Technology or NIT, Nagaland. Students will pay a flat fee to their home institutions for the courses.

The number of credit hours each student will earn will depend on the nature and length of the course and by the department/faculty offering the course.

For agreed upon activities, both institutions will make available their facilities and staffs. This MOU will take effect on and will be valid for five (5) years from the date noted in the first line of provided written notification of the withdrawal is given to the other party at least three (3) months prior to the desired withdrawal date. This MOU may be renewed for another period of five (5) years upon mutual written consent of the parties before the expiration date. Each institution will have copies of this agreement.

The following authorized individuals have signed the present MOU on behalf of their respective institutions:

ed education, promoting innovation, collaboration and fostering human values.

These model guidelines have the following objectives:

- i) To provide a framework to foster innovation and creativity in the areas of technology, sciences, and humanities by nurturing new ideas and research, in an ethical environment.
- ii) To protect intellectual property (IP) rights generated by faculty/ personnel, students, and staff of the academic institution, by translating their creative and innovative work into IP rights.
- iii) To lay down an efficient, fair, and transparent administrative process for ownership control and assignment of IP rights and sharing of revenues generated by IP, created and owned by the academic institution. Additionally, in cases of government funded research, the inventor(s)/ organization(s) should disclose their IP filings to the Government Agency(s) that have funded their research.
- iv) To promote more collaborations between academia and industry through better clarity on IP ownership and IP licensing.
- v) To create a mechanism for knowledge generation and its commercial exploitation. The purpose of IP commercialization is also to augment the financial self-sustenance goals of the academic institution & its labs and to reward faculty and researchers.
- vi) To establish an IP cell for supporting all innovation, creativity and IPR related endeavors of students, research scholars and faculty members.

CONFIDENTIALITY

All information under the MOU shared between the parties shall be treated as confidential information and shall be subject to restrictions on disclosure other than for the purpose of this MOU. The confidentiality obligations shall survive even after the termination or expiration of this MOU. Confidential information shall not include:

- a. information that is available in public domain;
- b. information already known to the receiving party;
- c. information disclosed to the receiving party by a third party not under obligation of confidentiality;
- d. Information developed by the receiving party independent of the confidential information received under this MOU.

Financial Agreement

- Course fee shall be decided in mutual agreement by both the training partners for all the programs to be conducted jointly by The Institution with Technominds IP Solutions.
- Institute will decide whether the fees decided by the ASSOCIATE shall be collected from the students or not.
- The INSTITUTION shall not be liable for discharging any financial commitments made by the ASSOCIATE and vice-versa.

Duration and Termination of Agreement

- MOU shall be effective from the date of signing and shall remain in force for a period of five Year. It shall automatically be renewed for next five year until & unless discontinued by either party.
- The INSTITUTION has the right to terminate the agreement for non-performance of the ASSOCIATE, based on half yearly detailed reviews.
- In case the ASSOCIATE intends to terminate the contract, it shall communicate the INSTITUTION six months in advance and in addition it shall meet all its obligations for the running or announced batches. In

R. G. Lohy
09/08/23

case of even long duration batch (if any), it is an obligation of the ASSOCIATE to make it successful.

GENERAL PROVISIONS

- Both the Parties have full power and authority to enter into this MOU and take any action execute any documents required by the terms hereof; and that this MOU, entered into has been duly and validly executed and delivered, and is a legal, valid, and binding obligation, enforceable in accordance with the terms hereof; and that the executants of this MOU are duly empowered and authorized to execute this MOU and to perform all its obligations in accordance with the terms herein.
- This agreement shall not be binding for any other agreement for either party. Parties shall be free and independent to carry on other services and trainings besides that covered under the scope of this agreement.
- The ASSOCIATE & The INSTITUTION shall perform their duties in strict compliance with all applicable laws in India along with rules and regulations of duly constituted Govt. authorities in India and shall obtain all licenses, restrictions or other approval, if any, required by laws in India in connection with the services to be rendered hereunder.
- The ASSOCIATE shall strictly follow the INSTITUTION norms, rules and regulations for conducting the programs and shall maintain the INSTITUTION high standards.
- Both parties can use logo, trade name, course modules & other related materials for promotion of the courses to be conducted jointly within the scope of this MOU.
- Both parties shall promote the arrangement and courses through respective websites

ARBITRATION

- In the event of a dispute between the ASSOCIATE and The INSTITUTION arising out of, or relating to this Agreement, its interpretation or performance hereunder, the parties shall exert their best efforts to resolve the dispute amicably through negotiations.
- In case of any disagreement and dispute and the parties fail to mutually resolve the issue; both parties shall appoint an Arbitrator that is mutually agreeable and shall be settled as per Indian Arbitration Act, arbitrator charges shall be paid by individual party.
- Further, in case the parties failed to resolve the dispute; this Agreement shall be governed by and construed in accordance with the law within the state of Maharashtra, India. Jurisdiction shall be Court of Nagpur Maharashtra.
- IN WITNESS WHEREOF, each of the parties hereto have caused this Agreement to be duly executed by a duly authorized representative of such party as of the date first above written.

LIMITATION OF LIABILITY

Neither party shall be liable for any indirect, incidental, special or consequential damages, or damages for loss of profits, revenue, data or use, incurred by either party or any third party in connection with this MOU or the subject matter of this MOU, whether in an action in contract or tort or any other legal theory, even if the party has been advised of the possibility of such damages.

MEMORANDUM OF AGREEMENT

STUDENT NATIONAL SYMPOSIUM INDUSTRY REVOLTUION 4.0 (SNSIR4.0 2022)

AND

CHRISTIAN COLLEGE OF ENGINEERING AND TECHNOLOGY, BHILAI

Information Technology Department, University of Technology and Applied Sciences, Muscat for the Student National Symposium Industry Revolution 4.0 (SNSIR4.0) as the First Party

And

Christian College of Engineering and Technology, Bhilai as the Second Party

Hereby enter into the following Memorandum of Agreement for the 2022 Student National Symposium Industry Revolution 4.0.

Purpose

The Organizing Committee of SNSIR4.0 on behalf of Information Technology Department, University of Technology and Applied Sciences, Muscat and Christian College of Engineering and Technology, Bhilai has agreed to work together in collaboration for the Technical Program of SNSIR4.0 2022. This agreement describes their understandings and commitments to this collaborative effort.

Scope of Responsibilities & Duration

The Organizing Committee of SNSIR4.0 on behalf of Information Technology Department, University of Technology and Applied Sciences, Muscat and Christian College of Engineering and Technology, Bhilai will work together in the Technical Program of SNSIR4.0 2022. This agreement will guide the collaboration from the period beginning on 21 Sep 2022 and ending on 20 October 2022. The scope and duration of the collaboration may be amended and/or extended through the joint agreement of SNSIR4.0 Organizing Committee and Christian College of Engineering and Technology, Bhilai

Decision Making Structure and Authority

The Organizing Committee of SNSIR4.0 2022 and Christian College of Engineering and Technology, Bhilai will identify and appoint one person within their own organization to serve as the Focal Point of Contact for the collaboration and leadership.

MoU to be signed between the Institution and Skill Knowledge Providers/ Trainers Agreement

Under the National Skill Qualification Framework (NSQF) of the All-India Council for Technical Education

This Agreement is entered into and executed on this 22 day of September, 2021 at Raipur.

By and Between St Thomas Mission offering Christian College of Engineering & Technology, Bhilai represented by its Principal which expression shall, where the context so admits, be deemed to include its successors, executors and administrators of the ONE PART AND

M/S BHILAI ENGINEERING CORPORATION LIMITED a Company registered under the Company Act, 1956, through its Dr. R K Shukla, Vice President having it's registered/approved Office at (which expression, unless it be repugnant to the context or meaning thereof, shall be deemed to mean and include their executors, administrators and assigns), party of the SECOND PART.

WHEREAS, the All-India Council for Technical Education has initiated a scheme to provide competency based skills under the National Skill Qualification Framework (Here in after to be referred as NSQF)

WHEREAS, in terms of the said scheme launched by All India Council for Technical Education, AICTE has extended invitation to various Institutions/ Organisations to join as Vocational Educational Institutions to provide education component and Skill Knowledge Providers to provide Competency Based Skills.

WHEREAS under the scheme a Skill Knowledge Provider is required to perform the role and function of providing hands on skill training in a specific sector i.e., in the Automobiles Sector, Skill Knowledge Provider shall be the service centre of authorized automobile manufacturers. located preferably all over the Country or in the IT Sector, the Skill Knowledge Provider shall be the training sector of authorized IT Company located preferably all over the Country. The Skill Knowledge Provider could also be one who is established for imparting hands-on skills or training in a respective sector;

WHEREAS the First Party is to participate as an Institution to register students under the National Skill Qualification Framework (NSQF);

WHEREAS the Second Party has expressed its keen interest and desire to be a key Partner in the execution of the National Vocational Educational Qualification Framework in terms of the objectives of the scheme and policy as highlighted and specified in the said framework and particularly in view of the desire and interest of M/S BHILAI ENGINEERING CORPORATION LIMITED to join and

Dr. Stephanos Mar Theodosius Road, Kailash Nagar, Near Industrial Estate, Bhilai (C.G.) 490026 INDIA, Ph.No.: 0788 2286662/63/64, Fax No.: 07882285266

Partners with Christian College of Engineering & Technology, Bhilai in providing competency based skills through its centres which shall act as Skill Knowledge Provider for the purposes of the scheme;

WHEREAS Both parties have held discussions and agreed for collaboration for conducting Vocational Education Programme(s) under the education scheme of the NSQF, where by Christian College of Engineering & Technology, Bhilai will impart and award credits for the "Academic" content" of the Curriculum and M/S BHILAI ENGINEERING CORPORATION LIMITED will provide skill training through its training centres called M/S BHILAI ENGINEERING CORPORATION LIMITED and will impart and award credits for such 'Skill oriented training' content of the Curriculum to the registered students.

WHEREAS The Second Party has registered itself with the All India Council for Technical Education (AICTE)/Concerned Authority and obtained approval thereof to participate as M/S BHILAI ENGINEERING CORPORATION LIMITED under the National Skill Qualification Framework (NSQF);

THEREFORE, both the parties hereby agree to conduct Vocational Educational Programme initiated by AICTE under NSQF, on the following terms and conditions:

1. The M/S BHILAI ENGINEERING CORPORATION LIMITED agrees that centres approved and recognized by M/S BHILAI ENGINEERING CORPORATION LIMITED (herein after to be referred as M/S BHILAI ENGINEERING CORPORATION LIMITED -SKP"), shall act and perform the role of Skill Knowledge Provider to provide hands on skill training in specific sectors such as Software app Developer.
2. The M/S BHILAI ENGINEERING CORPORATION LIMITED agrees and undertakes that its M/S BHILAI ENGINEERING CORPORATION LIMITED shall register with AICTE for conduct of training modules under the Vocational Stream and shall perform following functions:
 - Announce the schedule of module for the calendar year.
 - Register students for the modules.
 - Conduct the modular training.
 - Conduct examination/evaluate the student, award the grade indicating the Level of skill acquired.
 - The M/S BHILAI ENGINEERING CORPORATION LIMITED - SKP shall Register students for evaluation the Skill Modules, who have acquired skills on their own.
3. The Second Party agrees that the following responsibilities shall be undertaken by the Christian College of Engineering & Technology, Bhilai Academic Training centres:
 - a. The Christian College of Engineering & Technology, Bhilai Academic centres shall plan the Vocational Education Programme(s) to be offered in the Academic Year concerned and inform the M/S BHILAI ENGINEERING CORPORATION LIMITED SKP's about the same at least two months prior to the date of commencement of the Programme (s).
 - b. The Christian College of Engineering & Technology, Bhilai Academic Centre shall announce and inform through its prospectus and information on its Web site, the Vocational Education Programme(s) it plans to offer in the Academic Year concerned for the information of the prospective students and invite applications for admission from interested candidates at least two months prior to the date of commencement of the Programme(s).

MEMORANDUM OF UNDERSTANDING (MOU)

BETWEEN

**CHRISTIAN COLLEGE OF ENGINEERING &
TECHNOLOGY, BHILAI**

&

THE INSTITUTION OF ENGINEERS (INDIA)

Scanned with OKEN Scanner

Criterion 3

QnM 3.5.1 MoUs and Linkages

MEMORANDUM OF UNDERSTANDING

BETWEEN

Christian College of Engineering & Technology (IM-000127-0), created / incorporated under **St. Thomas Orthodox Church Mission** affiliated to Chhattisgarh Swami Vivekananda Technical University, Bhilai and having its campus office at Kailash Nagar, Industrial Estate, MP Housing Board, Bhilai, Chhattisgarh 490026.

(hereinafter called "the Collaborator").

AND

The Institution of Engineers (India) established under Royal Charter 1935 and having its Head Quarter at No.8, Gokhale Road, Kolkata - 700 020 (hereinafter called "IEI").

1. Background

1.1 IEI is the largest multi-disciplinary professional body of engineers encompassing 15 (fifteen) engineering disciplines with a membership of more than 2 lakhs corporate members and providing services through 123 state and local centre . IEI has its headquarters located in Kolkata and several Overseas Chapters, Foras and Organ.

1.2 IEI is a pioneer body to introduce, starting from 1928, continuing engineering education programme in the country.

1.3 IEI is a first professional body to represent India in several International Bodies, such as the World Federation of Engineering Organizations (WFEO), the Federation International du Beton (fib), and the Federation of Engineering Institutions of South and Central Asia (FEISCA) and Federation of Engineering Institutions of Asia and Pacific (FEIAP). It also has bilateral agreements with a number of professional societies across the globe.

1.4 IEI strives to provide various platforms for professional enrichment of its student and Corporate Members through adoption of contemporary learning methodologies to and from the said entity.

1.5 In the interest of establishing a relationship of mutual benefit to both of the parties hereof, the collaborator and IEI have agreed to the areas of collaboration on academic and research related activities as mentioned hereinafter.

2. **Objectives:**

- 2.1 To contribute further to the cause of engineering fraternity through collaboration between the collaborator who is an Institutional Member of IEI and IEI.
- 2.2 For enhancing skills and competency of the engineers through training and certification.
- 2.3 To encourage Industry-Academia interface because a productive interface between industry and academia, in the present times of knowledge economy, is a critical requirement. Industry- academia interface brings to meet the industry's needs and expectations and the academic aspirations..

3. **Scope of this MEMORANDUM OF UNDERSTANDING**

3.1 The Scope of collaboration in this Memorandum of Understanding includes the following categories:

- (a) Developing research projects jointly and avail funding;
- (b) Exchange of academic information, materials and facilities;
- (c) Short term course and Training for Faculty & Students;
- (d) Training and certification program for engineers;
- (e) Organizing/ participation in Joint symposia, seminars, conferences, workshops etc.;
- (f) Promoting such other activities/programs as mutually agreed from time to time.

3.2 Both the collaborator and IEI agree to undertake research projects/activities through sharing of research ideas, data and resources that can lead to joint publications, development of any product or other intended outcomes like Intellectual property rights/ patents/discoveries generated out of the research activities, belonging to both parties. Such collaboration activities will also include joint research conferences, visitations and sabbaticals at each other's institution; subject to mutual consent of both the parties. All such joint research activities will be governed by the terms and conditions laid out by separate written agreement by both of the parties hereof.

3.3 Both parties hereof agree to exchange academic information, facilities, resources etc. as mutually agreed from time to time.

3.4 Both the parties hereof agree to develop opportunities for engineers to teach courses, conduct seminars and undertake such other activities at each other's campus as mutually agreed.

3.5 Both of the parties hereof will promote their officers participation in the conferences, conclaves and seminars organized by each other to strengthen the ties between both of them and will also jointly organize symposia, seminars, conferences, workshops and other programs as mutually agreed.

4. Membership

The collaborator will strive to enrol its engineers/student as corporate/student members of IEI who will strive to provide all the privileges to the members as per the By-Laws of IEI.

5. Advertising & Publicity

Both the parties hereof will publicly advertise the collaboration under this Memorandum of Understanding among students, staff etc., if agreed by their management. Where reasonably possible in making advertisements or public announcements in relation to this Memorandum of Understanding, each institution shall acknowledge the participation of the other institution and the contribution that other institution has made if any.

6. Costs and Expenses

All the costs and expenses to active the scope of this Memorandum of Understanding would be shared by the parties hereof as may be mutually agreed.

7. Commencement, renewal, termination and amendment

7.1 This Memorandum of Understanding will come into force upon affixing of the signatures of the representatives of the both the parties hereof and will remain in effect for three (3) years thereform.

7.2 This Memorandum of Understanding will be renewed upon its expiry, as per mutual agreement of both the parties hereof.

7.3 If either of the parties hereof wishes to terminate the Memorandum of Understanding during its continuance or in between it must notify the other party in writing not less than six months' prior notice.

7.4 The event of termination will not affect participants from completing their activities at the host party already initiated or ongoing unless otherwise mutually agreed.

7.5 This Memorandum of Understanding, its renewal and the actions taken under it will be reviewed at any time.

7.6 Modifications to Memorandum of Understanding will be made by mutual consent.

8. Coordinators:

8.1 Each of the parties hereof agrees to appoint an overall Coordinator archiving the object of this Memorandum of Understanding.

8.2 The Coordinator so appointed will serve as the contact person on campus. These coordinators will ensure smooth flow of communication and

would be responsible to ensure that necessary approvals are in place for student/faculty exchange, articulation agreement etc.

8.3 These coordinators will be responsible to ensure the effectiveness and achieving object of this Memorandum of Understanding.

8.4 Both the parties hereof are responsible for keeping their contact details up to date.

9. Resolution of Disputes and Governing Law:

9.1 In the event of any unforeseen issues or matters not covered herein or any controversy, dispute or difference arising out of or in connection with this Memorandum of Understanding, the same shall be resolved amicably by both the parties hereof.

9.2 This Memorandum of Understanding and further agreements will in all respect be governed by and construed in accordance with the laws of India.

10. Jurisdiction

All the disputes between the parties hereof and arising out of this Memorandum of Understanding shall be subject to the jurisdiction of appropriate Court or other authority only in whose jurisdiction the head quarter of IEL is now situating or may situate in future.

This Memorandum of Understanding shall be signed in counterpart. Each counterpart will constitute an original document and these counterparts

taken together, shall constitute one and the same Memorandum of Understanding.

Date this - day of 12th Dec 2019.

FORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS:

Clause 1

CO-OPERATION

- 1.1 Both parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations. The parties shall keep each other informed of potential opportunities and share all information that may be relevant to secure additional opportunities for one another.
- 1.2 The co-operation between First Party and Second Party will facilitate effective utilization of the intellectual capabilities of the Second Party providing significant inputs to them in developing suitable teaching/ training systems, keeping in mind the needs of the First Party.

Clause 2

SCOPE OF THE MOU

- 2.1 Both parties believe that close co-operation between the two would be a major benefit to the student community to enhance their skills and knowledge.
- 2.2 The Second Party will give valuable inputs to the First Party in teaching/ training methodology so that the students fit into the industrial scenario meaningfully.
- 2.3 The Second Party will train the students of the First Party on the emerging technologies in order to bridge the gap in skill and make them ready for industry.
- 2.4 The Second Party will extend the necessary support to deliver guest lecturers to the students of the First Party on the technology trends and in house requirements.
- 2.5 The Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs.

Clause 3

VALIDITY

- 3.1 The validity of the agreement is two years from the date of agreement.
- 3.2 Both Parties may terminate this MOU upon 30 calendar days' notice in writing.
In the event of Termination, both parties have to discharge their obligations.

MEMORANDUM OF UNDERSTANDING

Dated 1st June 2023

First Party : Christian College of Engineering and Technology, Bhilai

Second Party : Baslios Mathews II College of Engineering, Sasthamcotta, Kollam

1. Duration

This MoU be valid for three years from 1st July 2023 and thereafter it may be renewed on mutually agreed terms.

2. Purpose

This MOU is for collaboration between the parties for mutual benefit where in **Christian College of Engineering and Technology, Bhilai** and **Baslios Mathews II College of Engineering, Sasthamcotta** would agree that cooperation in research collaborations and student and faculty exchanges would be mutually beneficial. The areas of cooperation may include subject to mutual consent, any desirable and feasible activity that would fulfill the goals of each institution. Such interaction may include cooperation in a variety of joint academic and educational activities such as:

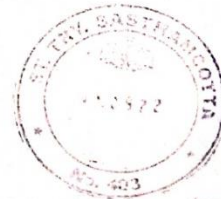

- The eminent subject expert of both colleges will deliver expert lectures for enriching the knowledge of the students when requested by the college authorities.

Report on
INDUSTRIAL VISIT TO GV BEVERAGES

Organized by

Mechanical Department
CCET Bhilai
Session – 2023-24

Faculty Co-ordinators

Dr R H Gajghat

Mr ChandraShekhar Sahu

Date of visit: -16.09.2023

INDUSTRIAL VISIT TO GV BEVERAGES

Page 1

Criterion 3

QnM 3.5.1 MoUs and Linkages

Place of Visit: G. V. Beverages LLP, Sawari, Gondia, Maharashtra

Date: 16/09/2023

A batch of 7th semester students of Department of Mechanical Engineering & Electrical Engineering along with faculties Dr. R. H. Gajghat and Mr. C. S. Sahu visited G. V. Beverages LLP, Sawari, Gondia, Maharashtra.

This visit was mainly focussed on to understand the process involved in manufacturing of PET (Polyethylene Terephthalate) Bottles and Bottling Plant used for packaged drinking water. Mr. Vinayak H. Gajghat, Chairman & Managing Director of the Company interacted with the students and gave the information about the operation and maintenance of the plant. Students visited different units of the plant such as Blow Moulding Unit, Bottle Filling Unit, Water Filtration Unit, Compressor Unit, Chemical Lab and Microbiology Lab and understand the processes. Students also visited Murli Goushala which is managed and run by the same organization.

OUTCOME OF THE VISIT

- Students understood the operation of Packaged Drinking Water Plant.
- They knew the various equipments and machines used in Packaged Drinking Water Plant.
- They learnt the operation of Blow Moulding Machine used for making PET bottles in various sizes.
- They understood the filtration process of drinking water.

INDUSTRIAL VISIT TO GV BEVERAGES

Criterion 3

QnM 3.5.1 MoUs and Linkages

- They came to know the various tests required to maintain the quality of drinking water.

ACKNOWLEDGEMENT

We show gratitude towards our Principal Dr Dipali Soren and H.O.D Dr Shailendra Verma who encourage us to take Workshop on Electrical Safety.

We are heartily thankful to our all faculty members for their support & continue guidance for the practical based approach learning to students.

We are also thankful to our 8th, 6th & 4th semester electrical students who make this seminar successful by showing their curiosity regarding software throughout the seminar.

GENERAL INFORMATION ON **“SAFETY”**

Safety is an indispensable component of any system or environment. It encompasses the state or condition of being free from danger or risk, ensuring the well-being of individuals and the preservation of property. Its significance cannot be overstated, as accidents and damages often result from a lack of safety knowledge and adherence to safety protocols.

In various settings, such as workplaces or even our daily lives, safety is paramount. When working with energized or de-energized equipment and lines, it is imperative to follow safety rules and instructions meticulously. These guidelines serve as a safeguard, minimizing the potential for accidents that could lead to injuries or property damage. They include protocols for equipment operation, maintenance, and emergency procedures.

Handling conducting materials, which are often present in industrial settings, demands particular attention to safety. Mishandling or neglecting safety precautions can have severe consequences. This underscores the importance of rigorous safety training and the adoption of standard safety practices. Employees should be well-versed in the potential hazards associated with their tasks and know how to mitigate them.

Providing safety tools and equipment is another fundamental aspect of ensuring safety. First Aid Boxes stocked with essential medicines and bandages should be readily available in every department. These kits can be a lifesaver in the event of minor injuries or emergencies, providing immediate care while awaiting professional medical assistance.

Beyond workplace safety, safety consciousness should extend to our everyday lives. Practicing safe habits in our homes and communities helps prevent accidents and promotes a culture of responsibility. Simple measures like proper storage of household chemicals, careful handling of kitchen appliances and adherence to traffic rules contribute significantly to personal safety and public welfare.

In conclusion, safety is an essential and non-negotiable element of any system or environment. It encompasses not only the absence of danger but also proactive measures to prevent accidents and protect people and property. By prioritizing safety, we create a more secure and harmonious world for ourselves and future generations.

Criterion 3

QnM 3.5.1 MoUs and Linkages

PURPOSE OF WORKSHOP

The primary objective of this Workshop is to acquaint students with safety equipment and raise awareness about the essential precautions necessary during fieldwork to prevent accidents. By providing valuable insights into safety measures and the correct utilization of safety gear, we aim to empower students with the knowledge and tools they need to protect themselves and others in various practical settings. Our ultimate goal is to instill a strong sense of responsibility and preparedness, ensuring that students can confidently engage in fieldwork while minimizing risks and contributing to a safer work environment.

We start our Workshop at 10 A.M onwards at CCET Campus Bhilai in Online mode. Mr. Amit Kumar Singh (AS Associates) taking this session and shared his valuable knowledge with us.

1) Basic Safety Rules:

The foundation of any safety program begins with a clear understanding of basic safety rules. These rules are critical in both industrial and home settings. They serve as the fundamental guidelines for preventing accidents and ensuring personal well-being. Learning these rules is the first step towards creating a safer environment for all. Topics covered may include fire safety, electrical safety, chemical safety, and general safety protocols that should be followed in different situations.

2) Safety Tools and Their Use:

After establishing a solid understanding of basic safety rules, the focus shifts to safety tools and their proper utilization. These tools play a crucial role in safeguarding individuals in various scenarios. Some essential safety tools and their applications include:

a) Safety Shoes: Safety shoes are designed to protect the feet from potential hazards like heavy objects, sharp materials, and electrical shocks. Understanding when and how to use safety shoes is vital, especially in industrial or construction settings.

b) Helmet: Helmets are a critical piece of safety equipment, primarily in construction and industrial environments. They provide protection against head injuries from falling objects or impacts. Proper helmet use, including correct fitting and maintenance, is emphasized.

c) Hand Gloves: Hand gloves come in different materials and designs, each suited for specific tasks. Knowing which type of gloves to use for different situations, such as chemical handling or mechanical work, is essential to prevent hand injuries.

d) Earthing Rods: Earthing rods are crucial for electrical safety. They help dissipate excess electrical energy to the ground, preventing electrical shocks and fires. Understanding how to use earthing rods correctly is imperative for anyone working with electrical equipment.

During this session, participants gain hands-on experience with these safety tools, learning not only how to use them but also when and why their use is necessary. Proper training in safety equipment ensures that individuals are well-prepared to mitigate potential risks and protect themselves in real-world scenarios.

CONCLUSION

Conducting this workshop has proven to be highly beneficial for both students and faculty members. It has equipped students with essential skills in creating effective safety reports and presentations, a valuable asset in their academic and future professional endeavors. In today's industrial landscape, safety is paramount, and these newly acquired skills will undoubtedly enhance students' employability prospects.

The participation of approximately 30 students underscores the significance of safety education and awareness among the student community. With this knowledge, they are better prepared to enter the job market and contribute positively to safety standards in various industries.

Furthermore, the engagement of faculty members from the electrical department is commendable. Their attendance at the workshop has not only enriched their understanding of safety but will also allow them to impart this knowledge to future generations of students, fostering a culture of safety within the institution.

In essence, the success of this workshop in benefiting students and faculty alike highlights the importance of safety education and its direct relevance to the demands of today's industries, where safety is a foremost priority. It serves as a positive example of how educational institutions can actively contribute to enhancing safety awareness and practices in society.

Subject: Request for Internship Permission for Mechanical 6th Semester Students

Dear Sir,

I hope this letter finds you well. I am writing on behalf of CCET Bhilai to formally request your kind permission for the internship of seven students from the Mechanical Engineering department. As per the Memorandum of Understanding (MoU) established between our esteemed institution and your reputable company, we are seeking your support for an internship opportunity in the field of Industrial Automation.

The seven students, all in their 6th semester of the B.Tech program, are enthusiastic about gaining practical experience and insights into the realm of Industrial Automation. The proposed internship duration is from 10th July 2023 to 8th August 2023. This experience will undoubtedly enhance their understanding of theoretical concepts and equip them with valuable skills that are crucial for their academic and professional growth.

Kindly grant permission for these seven students to participate in the internship program as outlined above. We are grateful for your continued support and collaboration in providing exceptional learning opportunities for our students.

Sincerely,

Dr Dipali Soren

Brief summary of the program:

The program started with the welcome address by Dr. Dipali Soren, Principal CCET, Bhilai. She has welcomed the Invited Speaker and gave detailed introduction of Dr. Das. After that Father Dr. P S Varghese, Executive Vice Chairmen has also blessed us with their encouraging speech and handed over the session to him for start the lecture.

Dr. Dushmanta Kumar Das, Associate Professor of department of Electrical and Electronics started with the requirement of quality papers in research. He also mentioned about research approach for publishing quality publication. He described in his lecture about Research Ethics. DR. Das has also discussed what research, their types and strategies for research are? In the continuation of this lecture Dr. Das has taught us how to choose literature from reputed /referred journals, Popular Journals, popular indexing etc. In his lecture, he has described structure of research paper and their significance. He also mentioned here that after writing research paper revision will also important for further process. Dr. Das has also shared their view on paper publication during UG studies.

Finally, this session was concluded by Ms. Anima Singh, Assistant Professor of Department of Humanities by giving vote of thanks to Dr. Das on behalf of entire CCET.

CCET Bhilai & NIT Nagaland organise Webinar on Research Publication Strategies

Central Chronicle News

Bhilai, Oct 16: In a testament to their ongoing commitment to academic synergy, Christian College of Engineering and Technology (CCET), Bhilai, and the National Institute of Technology (NIT), Nagaland, held a webinar as part of their collaborative efforts following the signing of a Memorandum of Understanding (MoU).

The MoU, signed earlier, paved the way for joint initiatives between the two esteemed institutions. As a significant step in this direction, the R&D cell of CCET organised an online

webinar on October 13, 2023. The focus of the webinar was on imparting insights into effective research approaches and strategies for publishing quality publications.

Dr Dushmanta Kumar Das, an Associate Professor from the Electrical and Electronics department at NIT

Nagaland, served as the distinguished speaker, sharing valuable expertise on the topic. The R&D cell coordinators, Dr Preeti Nand Kumar and Dr Anju Singh, played instrumental roles in orchestrating the event.

Dr Dipali Soren, in her welcome speech, set the stage for the webinar, em-

phasising the collaborative spirit underlying this initiative. Father Dr PS Varghese provided a blessing and delivered a speech, underscoring the importance of collaborative academic endeavours.

The interactive session provided participants with a platform to engage and gain insights on how to publish high-quality research in reputable journals. This event not only marks a milestone in the ongoing collaboration between CCET, Bhilai, and NIT Nagaland but also signifies their shared commitment to advancing knowledge and research in the academic realm.

A Webinar on ‘Intellectual Property Rights’ was organized by Department of Mechanical Engineering in Association with Institution’s Innovation Council (IIC), Christian College of Engineering & Technology, Bhilai on 24 April 2023.

The program started with the blessing of Executive Vice Chairman, Fr Dr PS Varghese. He blessed all the participants and motivated them to apply for IPR publications. The speaker of this webinar was **Mr. Rushikesh G. Lavhale, IPR Professional, Technominds IP Solutions, Amravati**. He explained the various technical and financial aspects of Intellectual Property Rights for faculties, students and the research community. Principal Dr Dipali Soren welcomed the dignitaries and the participants. This program was conducted under National Intellectual Property Awareness Mission (NIPAM).

This webinar was focused on patent, design patent, copyright, trademark, the commercialization of patents, and IP laws applicable in India. Sumit Kumar Shrivastava conducted the program and Dr R H Gajghat, HoD, Mechanical Engineering, proposed vote of thanks. Overall the webinar was excellent and it was very useful for the faculties, students and for the academic Community.

Brief summary of the program:

A guest Lecture on “Intellectual Property Rights and Their Significance” was organized by Research and Development cell at Christian College of Engineering and Technology on 10.9.2021 at Auditorium. Mr Dhananjay Singh, Manager Production in Bhilai Engineering Corporation Ltd. was the resource person in this program. This lecture was organized to create awareness among students and teachers regarding IPR and its protection.

Dr Sandhya Pillai, Associate Professor of Physics and Coordinator of R&D Cell welcomed the gathering, introduced the guest and mentioned objective and importance of program. She has welcomed the participants and gave detailed introduction of the speaker and handed over the session to the speaker for start the lecture.

Mr. Dhananjay Singh in his speech illustrated the importance of IPR, copy right infringement, do's and don'ts to avoid infringements. He also gave the students insights on the effect of Intellectual Property Rights on international trade. The speaker emphasized the need for the patent filing procedure, limitations and other intellectual property rights. The information was very useful followed by intensive interactions with the students.

During the session the students would be exposed to different types of intellectual property rights and they would be enlightened and motivated to convert their ideas into innovation and further transformation into IP assets through the protection of their IP rights.

Dr. Sandhya Pillai gave vote of thanks. 30 students and 15 staff members participated in this program.

REPORT ON GUEST LECTURE

Topic: Entrepreneurship Skill, Attitude & Behavior Development.

Date: 24/02/2023

Expert Speaker: Mr. Kailash Kumar Patel, Founder & Director of TECHONET, ONET Infotech & Sanvidhan IAS

Total participants: 50

Organized by: Mechanical/Electrical Engineering Department, CCET, in association with Institution Innovation Council (MHRD Initiative) & NDLI Club

Brief Report about the program:

The program started with the welcome address by Mr. Robin Babu, Faculty of Mechanical Engineering. He has welcomed the participants and briefed about the significance and current & Future Scope of Information Technology. Mr. Robin Babu Asst. Professor has given the introduction about the guest speaker of the lecture and handed over the session to him.

Mr. Kailash Kumar Patel has given basic introduction regarding Internet of things(IOT), Data Science, Artificial Intelligence. He has also discussed about the Startup & the challenges faced by young entrepreneurs. He also explained the Boom in Startups & encouraged our students. Further the resource person has given brief summary about Internet of things (IOT), Data Science, Artificial Intelligence and its applications.

Finally the meeting concluded with the vote of thanks given by Mr. Robin Babu, Host for the guest lecture.

From

Head of Department
School of Studies in Electronics and Photonics
Pt. Ravishankar Shukla University
Raipur, Chhattisgarh

To

Head of Department,
Electronics & Telecommunication Engg. Department
CCET, Bilhail.

Respected Sir/Ma'am,

On behalf of School of Studies in Electronics and Photonics, Pt. Ravishankar Shukla University, Raipur, Chhattisgarh would like to express our willingness to collaborate with your institution in various academic activities related to Electronics subjects.

We will be able to contribute to best of our effort to this work, subject to availability of time and resources. This collaboration is part of our official duties as an academician and no funds from both the institution will be involved.

Christian College of Engineering and Technology and School of Studies in Electronics and Photonics, Pt. Ravishankar Shukla University, Raipur, agree that cooperation and collaborations would be mutually beneficial. The areas of cooperation may include, subject to mutual consent, any desirable and feasible activity that would further the goals of each institution. Such interaction may include cooperation in a variety of joint academic and educational activities such as:

- Joint research projects/activities in fields of mutual interests;
- Joint research guidance for undergraduate and post-graduate students;
- Opportunities for faculty and staff development and exchange;
- Guest Lectures in online/offline mode;
- Joint conferences and workshops if possible;
- Question paper setting, internal & external valuation for theory and practical's
- Access of plagiarism software for PG students, research scholars and faculty members.
